Connections Summit 2026

2026 VIZIENT CONNECTIONS SUMMIT EDUCATION

Tuesday, Sept. 22

PHARMACY EXECUTIVES PEER TO PEER EDUCATION MEETING | AUDIENCE: CLIENTS ([LINK TO AGENDA PENDING](#))

Noon-2:30 p.m.

Target Audience: Chief pharmacy officers, pharmacy executives and leaders

Overview: As infusion services and pharmacy operations increasingly influence health system growth and financial performance, leading organizations are elevating pharmacy as a strategic enterprise driver. Attendees will gain insight into how infusion strategy, centralized service models and operating model redesign are being leveraged to expand access, align system priorities and optimize capacity at scale. The discussion will highlight how addressing challenges such as revenue leakage, data fragmentation and misaligned workflows can unlock significant financial and operational value. Through an executive lens, panelists will share how governance, automation and cross-functional alignment are enabling more agile, data-driven decision-making. These insights offer a clear path for strengthening pharmacy's role in advancing enterprise strategy, performance and long-term sustainability.

SUPPLY CHAIN EXECUTIVES PEER TO PEER EDUCATION MEETING | AUDIENCE: CLIENTS ([LINK TO AGENDA PENDING](#))

Noon-2:30 p.m.

Target Audience: Supply chain executives and leaders, supply chain physician partners, spend management professionals

Overview: Lean in with supply chain and spend management executives who will share their insights and expertise on advancing clinical integration, value analysis strategies, and supplier-provider relationships, as well as the growing role of artificial intelligence enablement across supply chain operations. This meeting will include panel discussions, providing a unique opportunity for you to engage with industry leaders, exchange ideas and gain valuable insights to drive innovation and improvement within your own organization.

DATA AND DIGITAL FORUM | AUDIENCE: CLIENTS ([LINK TO AGENDA PENDING](#))

1-2:30 p.m.

Target Audience: Executive-level participants in one or more Vizient data solutions, including: Clinical Data Base, Operational Data Base, Clinical Practice Solutions Center, Procedural Analytics, EDGE

Overview: Join healthcare leaders and data experts for an engaging meeting focused on transforming insights into meaningful outcomes. Discover how to harness the full potential of Vizient advanced analytics to drive measurable improvements in clinical quality, operational efficiency and financial performance. This event showcases real-world success stories from clients who have leveraged these Vizient tools to optimize care delivery, reduce unwarranted variation and achieve sustainable change. Attendees will gain strategic insights into the Vizient product road map, explore new capabilities and learn how data-driven decision-making can accelerate progress toward value-based care and high-reliability performance.
