Member Networks: your roadmap to top performance

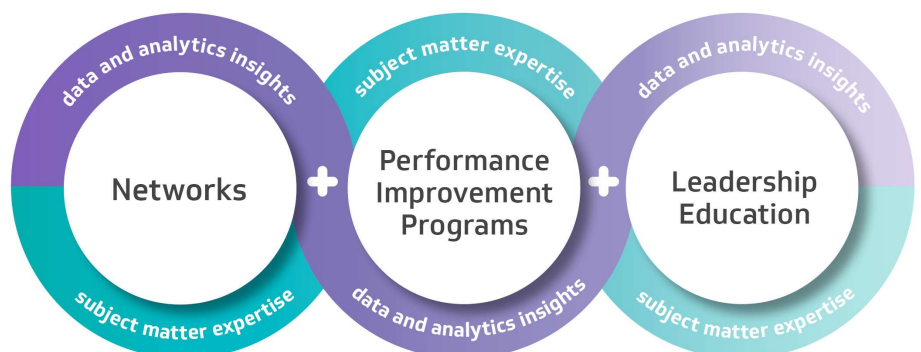

Vizient® Member Networks provides a comprehensive roadmap to help healthcare leadership teams accelerate their high-performance journeys.

Our offering provides three essential components that focus on the outcomes of high-performing organizations: profitable growth, care delivery excellence and financial sustainability. It’s this type of focus and leader alignment that paves the path to top-performer status.

- **Networks**—Networks serve as the professional home for healthcare executives, providing a trusted space to share challenges, expertise and the ability to drive change. Interprofessional learning opportunities on key topics enable leader alignment.
- **Performance Improvement Programs**—Performance Improvement programs take you from where you are, to where you want to be. Collaboratives and Benchmarking Surveys help you understand your performance and accelerate improvement.
- **Leadership Education**—Leadership Education is designed for professional advancement. Sessions offer continuing education credits and are available on demand.

Participation equates to value

Vizient Member Networks is your go-to partner to leverage data-driven insights and performance improvement strategies, integrated with subject matter expertise. Organizations active in Member Networks consistently outperform others. Backed by nearly 20 years of studying high-performing healthcare organizations, Vizient provides executives with tools and insights to navigate challenges effectively. Organizations in Member Networks consistently outperform others, with 75% of **Vizient’s 2024 top performers** in clinical quality and supply chain excellence actively participating in Networks and Performance Improvement Programs.

Networks serve as the professional home for healthcare executives

Designed for executives and leaders challenging the status quo and influencing the future of their organizations and the healthcare industry. **Interprofessional learning** opportunities on key topics enable leadership team alignment while strengthening diverse perspectives and decision-making.

Performance Improvement Programs take you from where you are, to where you want to be

The Vizient Performance Improvement (PI) program drives top performance through interprofessional improvement opportunities on key topics. Engage in:

Sustainable strategies for areas and outcome measures with large outcome impact, and include:

- Interprofessional connections: Access subject matter experts, Vizient top performers and peers through a collaboration platform and virtual discussions
- Analytic insights: Learn which levers have the greatest impact on outcome improvement
- Performance improvement strategies: Discover topic improvement frameworks, with leading practices, successful strategies and impactful levers proven to drive performance improvement

Improvement events: Understand your performance and accelerate success in achieving sustained, scalable clinical and operational improvement

- Collaboratives: Topic-focused initiatives that deliver expert guidance, peer collaboration and evidence-based practices to improve clinical, operational and financial outcomes. Participants engage through coaching, project calls, resource libraries, knowledge transfer sessions and dedicated digital community groups.
- Benchmarking Surveys: Exploratory data surveys that enable organizations to assess and compare performance, identify opportunities and take informed action.
