

PRODUCT DISRUPTION BRIEF

Non-Invasive ventilation (updated March 18)

Philips backorders due to testing validation requirements backorders show improvement.

Current conditions

Philips is experiencing backorders due to testing validation requirements. Philips is not able to produce new inventory of any impacted product until the ISO validation process for those products is completed. Please see Table 1 for code specifics.

Table 1: hospital respiratory care products awaiting ISO 18562 validation

Products requiring validation	Substitute option
