Discover how to harness the full potential of Vizient's advanced analytics to drive measurable improvements in clinical quality, operational efficiency and financial performance. This event showcases real-world success stories from clients who have leveraged Vizient's tools to optimize care delivery, reduce unwarranted variation and achieve sustainable change. Attendees will gain strategic insights into the Vizient product roadmap, explore new capabilities and learn how data-driven decision-making can accelerate progress toward value-based care and high-reliability performance.

Poster Education Session | Audience: Clients + Suppliers *(click to view details)*
5-6 p.m.

Ready to be inspired? Our engaging poster sessions spotlight innovative improvement projects from healthcare teams across the country. It's a chance to see what's working, celebrate progress and spark new ideas together.

These posters dive into today's most pressing challenges and highlight bold, effective approaches that elevate care delivery, drive profitable growth and strengthen organizational culture.

Join us for two dedicated sessions (also on Tuesday) to explore the posters, ask questions and connect directly with the people behind the work.
