

Find the services you need

Purchased Services Program

Industry-leading services portfolio. Lower costs. Better performance.

At Vizient®, we offer you a powerful tool for cost reduction – our purchased services portfolio. Using these agreements, you can reduce your annual costs by up to 15% on average. Lower costs increase your cash flow and allow you to focus more of your resources on delivering high-quality care and improving operations.

What services do you need? You may choose to tackle a specific program like reprocessing, address a larger issue like patient flow, or use supplier agreements to provide wireless service discounts to your employees. Through our purchased services portfolio we are ready to help.

We connect extensive national contract negotiations, data and industry expertise to provide more than 180 agreements in these high-impact areas:
