## Unlock the full potential of your APP workforce

In the ever-evolving landscape of healthcare delivery, APPs are indispensable contributors to achieving optimal patient outcomes. Harnessing their full potential is vital for optimizing organizational performance.

### What we offer:

Vizient works with you to help your APP staff reach their full potential by providing personalized services that align with your goals, objectives, mission and vision. Our experts evaluate your current advanced practice workforce, structures and processes to reduce turnover, enhance efficiency, and financial performance. Vizient provides you with expert guidance and support as you navigate your strategic journey in addressing these crucial issues:

#### Advanced practice leadership structure

Create a collaborative and supportive leadership structure for advanced practice. This is fundamental to the sustainable success of your overall workforce strategy.

#### Recruitment and retention

Reduce turnover, employee churn and time to fill by implementing tactics specific to your organization and practice environment to recruit and retain top-tier APPs.

#### Onboarding and transition to practice

Provide APP personnel with a comprehensive onboarding and/or transition to practice program to foster their competence, confidence and development.

#### Workforce optimization

Reduce waste and provide cost-effective, efficient care delivery. APP integration to care teams and clearly defined roles ensure optimal practice and return on your labor investment.

#### Performance metrics:

Establish clear Key Performance Indicators (KPIs) to track and enhance the APP workforce.

As the nation's largest member-driven health care performance improvement company, Vizient provides solutions and services that empower health care providers to deliver high-value care by aligning cost, quality and market performance. With analytics, advisory services and a robust sourcing portfolio, we help members improve patient outcomes and lower costs.
