

# Vizient Learning Academy Fundamental Accreditation Series

## Joint Accreditation Statement

In support of improving patient care, Vizient, Inc. is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE) and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Powered by the **Vizient Learning Academy** training and development program to advance individual and organizational performance.

Vizient, Inc. provides solutions and services that improve the delivery of high-value care by aligning cost, quality and market performance for more than 65% of the nation's acute care providers, including 97% of the nation's academic medical centers and more than 35% of the non-acute market. Vizient provides expertise, analytics, consulting services and a contract portfolio that represents \$140 billion in annual customer purchasing volume to improve patient outcomes and lower costs.

## Invest in your future by empowering professional development today

Accreditation standards and regulatory requirements are intended to support the delivery of safe, reliable and high-quality care and lay the foundation for continuous accreditation compliance.

This 17-module series lays the foundation for continuous accreditation compliance and provides the basic information for each of the functional chapters in the accreditation standards and CMS Conditions of Participation. These 60-minute on-demand sessions are delivered by Vizient experts and are designed to address your continuous accreditation compliance needs. Through participation in this on-demand series, you will be able to:

- Identify one expectation of the accreditation standards/regulatory requirements.
- Describe effectively an organization's current process to meet the intent of the standards and regulatory requirements.
- Describe how the accreditation and regulatory process positions organizations for effective and reliable delivery of safe, high quality patient care.
