

Impact Standardization

2021 Member Awards

Vizient members optimize value of supply chain

The Vizient Impact Standardization Program enables health system cost savings through streamlining supply chain purchases. The end result is a reduction in clinical variation and better patient care. For 2021, Vizient recognized 320 hospitals and health systems that have demonstrated continued excellence in evaluating the best approach to achieving their clinical and fiscal goals.

Executive Savings Award

The Executive Savings award is presented to participating organizations that earned at least \$250,000 rebates through Impact programs.
