## Empowering Healthcare Providers™

Surgery Exchange connects all stakeholders across the implant and bill-only surgery lifecycle through end-to-end process improvements supported by a flexible, proven technology solution. We put the member in control of the implant and bill-only process.

## Transforming operations with end-to-end process automation

The Surgery Exchange Platform™ **streamlines and eliminates highly manual and repetitive tasks**, putting our members in full control of the process throughout the case lifecycle.

Using the EMR, not the supplier reps, as the source of truth, provides **assurance of full contract compliance**.

### Supply Chain Benefits

- Replaces manual bill-only PO generation and accountability tasks, freeing up staff for other mission critical tasks
- Full contract enforcement of all existing supplier contracts
- Proactive unit price matching with supplier contracts and item master verification

### OR Operations Benefits

- Documented notification process ensures correct devices, trays and supplier reps are on hand for any scheduled surgery
- Synchronization with EMR captures product usage fully, reducing burden for OR staff
- Reduced overtime expense and enhanced schedule planning through SPD loaner tray tracking and visibility

### Financial Benefits

- Identify and notify off contract items during demand planning and before PO is generated
- Accurate PO that complies with current supplier contracts
- Elimination of inaccurate or duplicate PO's, lower administration expenses and reduce financial accruals
