

# Top Performers: Ambulatory Quality and Accountability

---

## Award Criteria

The Ambulatory Quality and Accountability award highlights Vizient provider customers that demonstrate superior performance, as measured by the Ambulatory Quality and Accountability measures and methodology that is conducted annually

### Five domains

Quality and Accountability performance of patient care is measured in five domains:

- Access to care
- Continuum of care
- Quality
- Efficiency
- Variation in care

### Composite scoring

The composite scoring system uses practice and patient-level data from these sources:

- AAMC-Vizient Clinical Practice Solutions Center
- Vizient Access and Throughput data
- Vizient Clinical Data Base
